Attach a sketch of work to be performed, including nearby property lines, width of driveway, size and location of driveway culverts, location of nearby Town road culverts, approximate slope of driveway and surface of proposed driveway. Post flagged stakes for driveway width and location at road. Installation and maintenance of the driveway will be the sole responsibility of the landowner as directed by the Road Foreman or Selectmen of Reading, VT. Initial installation of any culvert within 25 feet of the centerline of the traveled portion of the Town Highway will be at the expense of the landowner. Note: minimum culver size is 15" unless otherwise approved by the Town. Should culvert fail, for any reason, within one year it will be replaced by the landowner. After one year, the Town of Reading will perform maintenance and replacement of said culvert.
